Dear Person,

Welcome to the **ART PROJECT "GIFTS FROM THE STREET"**. This project is here to help you fulfill your dreams through urban art and a touch of magic.

If you found this hat on the street, congratulations! You have discovered a special treasure that was waiting for you. It is the perfect opportunity to try something new.

Sometimes, big changes start with small things at unexpected moments. This project intends to give you the little push you need to start fulfilling your dreams and desires.

What can you do with the hat?

Think of an idea you have always wanted to pursue. The hat is a symbol to help you remember and work toward it. It can be anything: a project, a wish, a trip, making an important call, or even cooking something new. The hat is here to accompany you on your adventure!

An idea that does not develop in your head travels to other minds that can embrace it. This hat is the perfect metaphor for holding onto and developing what you dream of now.

Start with the smallest thing, your first step. **Do it!**

Your achievement can help others reach theirs.

When you achieve a goal, you not only benefit yourself but also inspire others. No matter how small, each achievement is a spark of hope for someone else. By sharing your achievements and the stories behind them, you start a chain of inspiration and support. You can be the push that someone needs. **You are an inspiration.**

If you accept this gift, you will find more information in the QR code. If you think it is not for you, feel free to pass it on to someone else, leave it where you found it, or keep it without doing anything. The decision is yours..

With love,

This hat is a gift from: _____
