A wave, and the shore  
Rolling and back and again  
Endless together

I am your wave  
You are my shore, holding me  
Together eternal

You are my wave  
I am your shore, holding you  
As it always will be

Жълто като слънце  
Сякаш топлина,  
А е просто силен цвят

Бели стени, сини огради  
стълби нагоре...врата...  
чака някой да почука...
